Welcome to NoteCraft

Sunday, November 8, 2026 7:42 PM

A notebook for everything you want to remember

Notes live in notebooks, sections and pages, like a binder with tabs.
Click anywhere on a page to start typing, and everything saves itself.

Things to try

- [x] Open the Welcome page
- [ ] Click below this list and type a note of your own
- [ ] Sketch something with the Pen on the Draw tab
- [ ] Add a section with the + next to the section tabs
